Renovation plans for Mirihi in 2025

Dear valued partners,

Greetings from Mirihi - as Unique as you!

At Mirihi island resort, we are committed to providing exceptional experiences and services for our valued guests. As part of our ongoing commitment to excellence we are excited to announce the upcoming renovations that will take place during the low season in 2025 which will enhance our villas and facilities.

Whilst the resort will not lose any of its unique charm which sees guests return year after year to their "island home", enhancements will be made to the villas, public areas and recreational facilities, including the addition of four 2-bedroom Water pool suites and a stunning main infinity pool with breathtaking views across the lagoon

In order to carry out these renovations the resort will temporarily close its shores from the 5th May – 30th November 2025.

Temporary closure date: 5th May 2025

Resort re-opening date: 1st December 2025

Whilst the resort will be closed during this period, the reservations will remain open for taking your bookings for stays from the 1st December 2025 onwards.

We appreciate your patience and cooperation during this phase of enhancements and look forward to welcoming guests back to our shores and to a refined Mirihi Island Resort.

Your sincerely

The Mirihi Island Resort Management team
